**PART I
PREAMBLE**

WHEREAS the signatory parties hereto recognize the water resources of the Susquehanna River Basin as regional assets vested with local, state, and national interest for which they have a joint responsibility; and declare as follows:

1. The conservation, utilization, development, management, and control of the water resources of the Susquehanna River Basin under comprehensive multiple purpose planning, will bring the greatest benefits and produce the most efficient service in the public interest; and

2. This comprehensive planning administered by a basin wide agency will provide flood damage reduction, conservation and development of surface and ground water supply for municipal, industrial, and agricultural uses, development of recreational facilities in relation to reservoirs, lakes and streams, propagation of fish and game, promotion of forest land management, soil conservation, and watershed projects, protection and aid to fisheries, development of hydroelectric power potentialities, improved navigation, control of the movement of salt water, abatement and control of water pollution, and regulation of stream flows toward the attainment of these goals; and

3. The water resources of the basin are presently subject to the duplicating, overlapping, and uncoordinated administration of a large number of governmental agencies which exercise a multiplicity of powers resulting in a splintering of authority and responsibility; and

4. The Interstate Advisory Committee on the Susquehanna River Basin, created by action of the states of New York, Pennsylvania, and Maryland, on the basis of its studies and deliberation has concluded that regional development of the Susquehanna River Basin is feasible, advisable, and urgently needed, and has recommended that an intergovernmental compact with Federal participation be consummated to this end; and

5. The Congress of the United States and the executive branch of the Federal government have recognized a national interest in the Susquehanna River Basin by authorizing and directing the Corps of Engineers of the Department of the Army, the Department of Agriculture, the Department of Health, Education and Welfare, the Department of Interior, and other Federal agencies to cooperate in making comprehensive surveys and reports concerning the water resources of the Susquehanna River Basin in which individually or severally the technical aid and assistance of many Federal and state agencies have been enlisted, and which are being, or have been coordinated through a Susquehanna River Basin Study Coordinating Committee on which the Corps of Engineers of the Department of the Army, the Department of Agriculture, the Department of Commerce, the Department of Health, Education and Welfare, the Department of Interior, the Department of Housing and Urban Development and its predecessor Housing and Home Finance Agency, the Federal Power Commission, and the States of New York, Pennsylvania, and Maryland are or were represented; and

6. Some 3 million people live and work in the Susquehanna River Basin and its environs, and the government, employment, industry, and economic development of the entire region and the health, safety, and general well being of its population are and will continue to be affected vitally by the conservation, utilization, development, management, and control of the water resources of the basin; and

7. Demands upon the water resources of the basin are expected to mount because of anticipated increases in population and by reason of industrial and economic growth of the basin and its service area; and

8. Water resources planning and development are technical, complex, and expensive, often requiring fifteen to twenty years from the conception to the completion of large or extensive projects; and

9. The public interest requires that facilities must be ready and operative when and where needed, to avoid the damages of unexpected floods or prolonged drought, and for other purposes; and

10. The Interstate Advisory Committee on the Susquehanna River Basin has prepared a draft of an intergovernmental compact for the creation of a basin agency, and the signatory parties desire to effectuate the purposes thereof,

NOW THEREFORE

The States of New York and Maryland and the Commonwealth of Pennsylvania, and the United States of America hereby solemnly covenant and agree with each other, upon the enactment of concurrent legislation by the Congress of the United States and by the respective state legislatures, to the Susquehanna River Basin Compact which consists of this Preamble and the Articles that follow.

ARTICLE 1

SHORT TITLE, DEFINITIONS, PURPOSES, and LIMITATIONS

Section 1.1—Short Title. This compact shall be known and may be cited as the Susquehanna River Basin Compact.

Section 1.2—Definitions. For the purposes of this compact, and of any supplemental or concurring legislation enacted pursuant to it:

1. "Basin" shall mean the area of drainage of the Susquehanna River and its tributaries into Chesapeake Bay to the southern edge of the Pennsylvania Railroad bridge between Havre de Grace and Perryville, Maryland.

2. "Commission" shall mean the Susquehanna River Basin Commission hereby created, and the term "Commissioner" shall mean a member of the commission.

3. "Cost" shall mean direct and indirect expenditures, commitment, and net induced adverse effects, whether or not compensated for, used or incurred in connection with the establishment, acquisition, construction, maintenance, and operation of a project.

4. "Diversion" shall mean the transfer of water into or from the basin.

5. "Facility" shall mean any real or personal property, within or without the basin, and improvements thereof or thereon, and any and all rights of way, water, water rights, plants, structures, machinery, and equipment acquired, constructed, operated, or maintained for the beneficial use of water resources or related land uses or otherwise including, without limiting the generality of the foregoing, any and all things and appurtenances necessary, useful, or convenient for the control, collection, storage, withdrawal, diversion, release, treatment, transmission, sale, or exchange of water; or for navigation thereon, or the development and use of hydroelectric energy and power, and public recreational facilities; or the propagation of fish and wildlife; or to conserve and protect the water resources of the basin or any existing or future water supply source, or to facilitate any other uses of any of them.

6. "Federal government" shall mean the government of the United States of America, and any appropriate branch, department, bureau, or division thereof, as the case may be.

7. "Project" shall mean any work, service, or activity which is separately planned, financed, or identified by the commission, or any separate facility undertaken or to be undertaken by the commission or otherwise within a specified area, for the conservation, utilization, control, development, or management of water resources which can be established and utilized independently or as an addition to an existing facility and can be considered as a separate entity for purposes of evaluation.

8. "Signatory party" shall mean a state or commonwealth party to this compact, or the Federal government.

9. "Waters" shall mean both surface and underground waters which are contained within the drainage area of the Susquehanna River in the states of New York, Pennsylvania, and Maryland.

10. "Water resources" shall include all waters and related natural sources within the basin.

11. "Withdrawal" shall mean a taking, or removal of water from any source within the basin for use within the basin.

12. "Person" shall mean an individual, corporation, partnership, unincorporated association, and the like and shall have no gender, and the singular shall include the plural.

Section 1.3—Purpose and Findings. The legislative bodies of the respective signatory parties hereby find and declare:

1. The water resources of the Susquehanna River Basin are affected with a local, state, regional, and national interest, and the planning, conservation, utilization, development, management, and control of these resources, under appropriate arrangements for intergovernmental cooperation, are public purposes of the respective signatory parties.

2. The water resources of the basin are subject to the sovereign rights and responsibilities of the signatory parties, and it is the purpose of this compact to provide for a joint exercise of these powers of sovereignty in the common interest of the people of the region.

3. The water resources of the basin are functionally interrelated, and the uses of these resources are interdependent. A single administrative agency is therefore essential for effective and economical direction, supervision, and coordination of water resources efforts and programs of federal, state, and local governments and of private enterprise.

4. Present and future demands require increasing economies and efficiencies in the use and reuse of water resources, and these can be brought about only by comprehensive planning, programming and management under the direction of a single administrative agency.

5. In general, the purposes of this compact are to promote interstate comity; to remove causes of possible controversy; to make secure and protect developments within the states; to encourage and provide for the planning; conservation, utilization, development, management, and control of the water resources of the basin; to provide for cooperative and coordinated planning and action by the signatory parties with respect to water resources; and to apply the principle of equal and uniform treatment to all users of water and of water related facilities without regard to political boundaries

6. It is the express intent of the signatory parties that the commission shall engage in the construction, operation and maintenance of a project only when the project is necessary to the execution of the comprehensive plan and no other competent agency is in a position to act, or such agency fails to act.

Section 1.4—Powers of Congress; Withdrawal. Nothing in this compact shall be construed to relinquish the functions, powers, or duties of the Congress of the United States with respect to the control of any navigable waters within the basin, nor shall any provisions hereof be construed in derogation of any of the constitutional powers of the Congress to regulate commerce among the states and with foreign nations. The power and right of the Congress to withdraw the Federal government as a party to this compact or to revise or modify the terms, conditions, and provisions under which it may remain a party by amendment, repeal, or modification of any Federal statute applicable hereto is recognized by the signatory parties.

Section 1.5—Duration of Compact

(a) The duration of this compact shall be for an initial period of 100 years from its effective date, and it shall be continued for additional periods of 100 years if not less than 20 years nor more than 25 years prior to the termination of the initial period or any succeeding period none of the signatory states, by authority of an act of its legislature, notifies the commission of intention to terminate the compact at the end of the then current 100-year period.

(b) In the event this compact should be terminated by operation of paragraph (a) above, the commission shall be dissolved, its assets and liabilities transferred in accordance with the equities of the signatory parties therein and its corporate affairs wound up in accordance with agreement of the signatory parties or, failing agreement, by act of the Congress.

ARTICLE 2

ORGANIZATION and AREA

Section 2.1—Commission Created. The Susquehanna River Basin Commission is hereby created as a body politic and corporate, with succession for the duration of this compact, as an agency and instrumentality of the governments of the respective signatory parties.

Section 2.2—Commission Membership. The members of the commission shall be the governor or the designee of the governor of each signatory state, to act for him, and one member to be appointed by the President of the United States to serve at the pleasure of the President.

Section 2.3—Alternates. An alternate from each signatory party shall be appointed by its member of the commission unless otherwise provided by the laws of the signatory party. The alternate, in the absence of the member, shall represent the member and act for him. In the event of a vacancy in the office of alternate, it shall be filled in the same manner as the original appointment.

Section 2.4—Compensation. Members of the commission and alternates shall serve without compensation from the commission but may be reimbursed for necessary expenses incurred in and incident to the performance of their duties.

Section 2.5—Voting Power. Each member is entitled to one vote. No action of the commission may be taken unless three of the four members vote in favor thereof.

Section 2.6—Organization and Procedure. The commission shall provide for its own organization and procedure, and shall adopt the rules and regulations governing its meetings and transactions. It shall organize annually by the election of a chairman and vice-chairman from among its members. It shall provide by its rules for the appointment by each member in his discretion of an advisor to serve without compensation from the commission, who may attend all meetings of the commission and its committees.

Section 2.7—Jurisdiction of the Commission. The commission shall have, exercise, and discharge its functions, powers, and duties within the limits of the basin. Outside the basin, the commission shall act at its discretion, but only to the extent necessary to implement its responsibilities within the basin, and where necessary subject to the consent of the state wherein it proposes to act.

ARTICLE 3

POWERS and DUTIES of the COMMISSION

Section 3.1—General. The commission shall develop and effectuate plans, policies, and projects relating to the water resources of the basin. It shall adopt and promote uniform and coordinated policies for water resources conservation and management in the basin. It shall encourage and direct the planning, development, operation, and subject to applicable laws the financing of water resources projects according to such plans and policies.

Section 3.2—Policy. It is the policy of the signatory parties to preserve and utilize the functions, powers, and duties of the existing offices and agencies of government to the extent consistent with this compact, and the commission is directed to utilize those offices and agencies for the purposes of this compact.

Section 3.3—Comprehensive Plan, Program and Budgets. The commission in accordance with Article 14 of this compact, shall formulate and adopt:

1. A comprehensive plan, after consultation with appropriate water users and interested public bodies for the immediate and long-range development and use of the water resources of the basin;
2. A water resources program, based upon the comprehensive plan, which shall include a systematic presentation of the quantity and quality of water resources needs of the area to be served for such reasonably foreseeable period as the commission may determine, balanced by existing and proposed projects required to satisfy such needs, including all public and private projects affecting the basin, together with a separate statement of the projects proposed to be undertaken by the commission during such period; and
3. An annual current expense budget and an annual capital budget consistent with the commission's program, projects, and facilities for the budget period.

Section 3.4—Powers of Commission. The commission may:

1. Plan, design, acquire, construct, reconstruct, complete, own, improve, extend, develop, operate, and maintain any and all projects, facilities, properties, activities, and services which are determined by the commission to be necessary, convenient, or useful for the purpose of this compact.
2. Establish standards of planning, decision, and operation of all projects and facilities in the basin to the extent they affect water resources, including without limitation thereto water, sewage and other waste treatment plants and facilities, pipelines, transmission lines, stream and lake recreational facilities, trunk mains for water distribution, local flood protection works, watershed management programs, and ground water recharging operations.
3. Conduct and sponsor research on water resources and their planning, use, conservation, management, development, control, and protection, and the capacity, adaptability, and best utility of each facility thereof, and collect, compile, correlate, analyze, report, and interpret data on water resources and uses in the basin, including without limitation thereto the relation of water to other resources, industrial water technology, ground water movement, relation between water price and water demand and other economic factors, and general hydrological conditions.
4. Collect, compile, coordinate, and interpret systematic surface and ground water data, and publicize such information when and as needed for water uses, flood warning, quality maintenance, or other purposes.
5. Conduct ground and surface water investigations, tests and operations, and compile data relating thereto as may be required to formulate and administer the comprehensive plan.
6. Prepare, publish, and disseminate information and reports concerning the water problems of the basin and for the presentation of the needs and resources of the basin and policies of the commission to executive and legislative branches of the signatory parties.
7. Negotiate loans, grants, gifts, services, or other aids as may be lawfully available from public or private sources to finance or assist in effectuating any of the purposes of this compact, and receive and accept them upon terms and conditions, and subject to provisions, as may be required by Federal or state law or as the commission may deem necessary or desirable.
8. Exercise such other and different powers as may be delegated to it by his compact or otherwise pursuant to law, and have and exercise all powers necessary or convenient to carry out its express powers and other powers which reasonably may be implied there from.
9. Adopt, amend, and repeal rules and regulations to implement this compact.

Section 3.5—Duties of the Commission. The commission shall:

1. Develop and effectuate plans, policies, and projects relating to water resources; adopt, promote, and coordinate policies and standards for water resources conservation, control, utilization, and management; and promote and implement the planning, development, and financing of water resources projects.
2. Undertake investigations, studies, and surveys, and acquire, construct, operate, and maintain projects and facilities in regard to the water resources of the basin, whenever it is deemed necessary to do so to activate or effectuate any of the provisions of this compact.
3. Administer, manage, and control water resources in all matters determined by the commission to be interstate in nature or to have a major effect on the water resources and water resources management.
4. Assume jurisdiction in any matter affecting water resources whenever it determines after investigation and public hearing upon due notice given, that the effectuation of the comprehensive plan or the implementation of this compact so requires. If the commission finds upon subsequent hearing requested by an affected signatory party that the party will take the necessary action, the commission may relinquish jurisdiction.
5. Investigate and determine if the requirements of the compact or the rules and regulations of the commission are complied with, and if satisfactory progress has not been made, institute an action or actions in its own name in any state or Federal court of competent jurisdiction to compel compliance with any and all of the provisions of this compact or any of the rules and regulations of the commission adopted pursuant thereto. An action shall be instituted in the name of the commission and shall be conducted by its own counsel.

Section 3.6—Cooperative Legislation and Further Jurisdiction.

- (a) Each of the signatory parties agrees that it will seek enactment of such additional legislation as will be required to enable its officers, departments, commissions, boards, and agents to accomplish effectively the obligations and duties assumed under the terms of this compact.
- (b) Nothing in the compact shall be construed to repeal, modify, or qualify the authority of any signatory party to enact any legislation or enforce any additional conditions and restrictions within its jurisdiction.

Section 3.7—Coordination and Cooperation. The commission shall promote and aid the coordination of the activities and programs of Federal, state, municipal, and private agencies concerned with water resources administration in the basin. To this end, but without limitation thereto, the commission may:

1. Advise, consult, contract, financially assist, or otherwise cooperate with any and all such agencies;

2. Employ any other agency or instrumentality of any of the signatory parties or of any political subdivision thereof, in the design, construction, operation, and maintenance of structures, and the installation and management of river control systems, or for any other purpose;

3. Develop and adopt plans and specifications for particular water resources projects and facilities which so far as consistent with the comprehensive plan incorporate any separate plans of other public and private organizations operating in the basin, and permit the decentralized administration thereof,

4. Qualify as a sponsoring agency under any Federal legislation heretofore or hereafter enacted to provide financial or other assistance for the planning, conservation, utilization, development, management, or control of water resources.

Section 3.8—Allocations, Diversions, and Releases.

(a) The commission shall have power from time to time as the need appears, to allocate the waters of the basin to and among the states signatory to this compact and impose related conditions, obligations, and release requirements.

(b) The commission shall have power from time to time as the need appears to enter into agreements with other river basin commissions or other states with respect to in-basin and out-of-basin allocations, withdrawals, and diversions.

(c) No allocation of waters made pursuant to this section shall constitute prior appropriation of the waters of the basin or confer any superiority of right in respect to the use of those waters, nor shall any such action be deemed to constitute an apportionment of the waters of the basin among the parties hereto. This subsection shall not be deemed to limit or restrict the power of the commission to enter into covenants with respect to water supply, with a duration not exceeding the life of this compact, as it may deem necessary for the benefit or development of the water resources of the basin.

Section 3.9—Rates and Charges. The commission, from time to time after public hearing upon due notice given, may fix, alter, and revise rates, rentals, charges, and tolls, and classifications thereof, without regulation or control by any department, office, or agency of any signatory party, for the use of facilities owned or operated by it, and any services or products which it provides.

Section 3.10—Referral and Review. No projects affecting the water resources of the basin, except those not requiring review and approval by the commission under paragraph 3 following, shall be undertaken by any person, governmental authority or other entity prior to submission to and approval by the commission or appropriate agencies of the signatory parties for review.

1. All water resources projects for which a permit or other form of permission to proceed with construction or implementation is required by legislative action of a signatory party

or by rule or regulation of an office or agency of a signatory party having functions, powers, and duties in the planning, conservation, development, management, or control of water resources shall be submitted as heretofore to the appropriate office or agency of the signatory party for review and approval. To assure that the commission is apprised of all projects within the basin, monthly reports and listings of all permits granted, or similar actions taken, by offices or agencies of the signatory parties shall be submitted to the commission in a manner prescribed by it.

Those projects which also require commission approval pursuant to the provisions of paragraphs 2 (ii) and 2 (iii) following shall be submitted to the commission through appropriate offices or agencies of a signatory party, except that, if no agency of a signatory party has jurisdiction, such projects shall be submitted directly to the commission in such manner as the commission shall prescribe.

2. Approval of the commission shall be required for, but not limited to, the following:
 - (i) All projects on or crossing the boundary between any two signatory states;
 - (ii) Any project involving the diversion of water;
 - (iii) Any project within the boundaries of any signatory state found and determined by the commission or by any agency of a signatory party having functions, powers, and duties in the planning, conservation, development, management or control of water resources to have a significant effect on water resources within another signatory state, and
 - (iv) Any project which has been included by the commission, after hearing, as provided in Article 14, Section 14.1, as a part of the commission's comprehensive plan for the development of the water resources of the basin, or which would have a significant effect upon the plan.

3. Review and approval by the commission shall not be required for:
 - (i) Projects which fall into an exempt classification or designation established by legislative action of a signatory party or by rule or regulation of an office or agency of a signatory party having functions, powers, and duties in the planning, conservation, development, management, or control of water resources. The sponsors of those projects are not required to obtain a permit or other form of permission to proceed with construction or implementation, unless it is determined by the commission or by the agency of a signatory party that such project or projects may cause an adverse, adverse cumulative, or an interstate effect on water resources of the basin, and the project sponsor has been notified in writing by the commission or by the agency of a signatory party that commission approval is required.
 - (ii) Projects which are classified by the commission as not requiring its review and approval, for so long as they are so classified.

4. The commission shall approve a project if it determines that the project is not detrimental to the proper conservation, development, management, or control of the water resources of the basin and may modify and approve as modified, or may disapprove the project, if it determines that the project is not in the best interest of the conservation, development, management, or control of the basin's water resources, or is in conflict with the comprehensive plan.

5. The commission, after consultation with the appropriate offices or agencies of the signatory parties, shall establish the procedure of submission, review, and consideration of projects. Any procedure for review and approval of diversions of water shall include public hearing on due notice given, with opportunities for interested persons, agencies, governmental units, and signatory parties to be heard and to present evidence. A complete transcript of the proceedings at the hearing shall be made and preserved, and it shall be made available under rules for that purpose adopted by the commission.

6. Any determination of the commission pursuant to this article or any article of the compact providing for judicial review shall be subject to such judicial review in any court of competent jurisdiction, provided that an action or proceeding for such review is commenced within 90 days from the effective date of the determination sought to be reviewed; but a determination of the commission concerning a diversion, under Section 3.10-2 (ii) with the claimed effect of reducing below a proper minimum the flow of water in that portion of the basin within the area of a signatory party, shall be subject to judicial review under the particular provisions of paragraph 7 below.

7. Any signatory party deeming, itself aggrieved by an action of the commission concerning a diversion under Section 10-2 (ii) with the claimed effect of reducing below a proper minimum the flow of water in that portion of the basin which lies within the area of that signatory party, and notwithstanding the powers provided to the commission by this compact, may have review of commission action approving the diversion in the Supreme Court of the United States; provided that a proceeding for such review is commenced within one year from the date of action sought to be reviewed. Any such review shall be on the record made before the commission. The action of the commission shall be affirmed, unless the court finds that it is not supported by substantial evidence.

3.11—Advisory Committees. The commission may constitute and empower advisory committees.

ARTICLE 4
WATER SUPPLY

Section 4.1—Generally. The commission shall have power to develop, implement, and effectuate plans and projects for the use of the water of the basin for domestic, municipal, agricultural, and industrial water supply. To this end, without limitation thereto, it may provide for construct, acquire, operate, and maintain dams, reservoirs, and other facilities for utilization of surface and ground water resources, and all related structures, appurtenances, and equipment on the river and its tributaries and at such off river sites as it may find appropriate, and may regulate and control the use thereof

Section 4.2—Storage and Release of Waters.

(a) The commission shall have power to acquire, construct, operate, and control projects and facilities for the storage and release of waters, for the regulation of flows and supplies of surface and ground waters of the basin, for the protection of public health, stream quality control, economic development, improvement of fisheries, recreation, dilution and abatement of pollution, the prevention of undue salinity, and other purposes.

(b) No signatory party shall permit any augmentation of flow to be diminished by the diversion of any water of the basin during any period in which waters are being released from storage under the direction of the commission for the purpose of augmenting such flow, except in cases where the diversion is authorized by this compact, or by the commission pursuant thereto, or by the judgment, order, or decree of a court of competent jurisdiction.

Section 4.3—Assessable Improvements. The commission may provide water management and regulation in the main stream or any tributary in the basin and, in accordance with the procedures of applicable state laws, may assess on an annual basis or otherwise the cost thereof upon water users or any classification of them specially benefited thereby to a measurable extent, provided that no such assessment shall exceed the actual benefit to any water user. Any such assessment shall follow the procedure prescribed by law for local improvement assessments and shall be subject to review in any court of competent jurisdiction.

Section 4.4—Coordination. Prior to entering upon the execution of any project authorized by this article, the commission shall review and consider all existing rights, plans and programs of the signatory parties, their political subdivisions, private parties, and water users which are pertinent to such project, and shall hold a public hearing on each proposed project.

Section 4.5—Additional Powers. In connection with any project authorized by this article, the commission shall have power to provide storage, treatment, pumping, and transmission facilities, but nothing herein shall be construed to authorize the commission to engage in the business of distributing water.

ARTICLE 5

WATER QUALITY MAINAGEMENT and CONTROL

Section 5.1—General Powers.

(a) The commission may undertake or contract for investigations, studies, and surveys pertaining to existing water quality, effects of varied actual or projected operations on water quality, new compounds and materials and probable future water quality in the basin. The commission may receive, expend, and administer funds, Federal, state, local or private as may be available to carry out these functions relating to water quality investigations.

(b) The commission may acquire, construct, operate, and maintain projects and facilities for the management and control of water quality in the basin whenever the commission deems necessary to activate or effectuate any of the provisions of this compact.

Section 5.2—Policy and Standards.

(a) In order to conserve, protect, and utilize the water quality of the basin in accordance with the best interests of the people of the basin and the states, it shall be the policy of the commission to encourage and coordinate the efforts of the signatory parties to prevent, reduce, control, and eliminate water pollution and to maintain water quality as required by the comprehensive plan.

(b) The legislative intent in enacting this article is to give specific emphasis to the primary role of the states in water quality management and control.

(c) The commission shall recommend to the signatory parties the establishment, modification, or amendment of standards of quality for any waters of the basin in relation to their reasonable and necessary use as the commission shall deem to be in the public interest.

(d) The commission shall encourage cooperation and uniform enforcement programs and policies by the water quality control agencies of the signatory parties in meeting, the water quality standards established in the comprehensive plan.

(e) The commission may assume jurisdiction whenever it determines after investigation and public hearing upon due notice given that the effectuation of the comprehensive plan so requires. After such investigation, notice, and hearing, the commission may adopt such rules, regulations, and water quality standards as may be required to preserve, protect, improve, and develop the quality of the waters of the basin in accordance with the comprehensive plan.

Section 5.3—Cooperative Administration and Enforcement.

(a) Each of the signatory parties agrees to prohibit and control pollution of the waters of the basin according to the requirements of this compact and to cooperate faithfully in the control of future pollution in and abatement of existing pollution from the waters of the basin.

(b) The commission shall have the authority to investigate and determine if the requirements of the compact or the rules, regulations, and water quality standards of the commission are complied with and if satisfactory progress has not been made, may institute an action or actions in its own name in the proper court or courts of competent jurisdiction to compel compliance with any and all of the provisions of this compact or any of the rules, regulations, and water quality standards of the commission adopted pursuant thereto.

Section 5.4—Further Jurisdiction. Nothing in this compact shall be construed to repeal, modify, or qualify the authority of any signatory party to enact any legislation or enforce any additional conditions and restrictions to lessen or prevent the pollution of waters within its jurisdiction.

ARTICLE 6

FLOOD PROTECTION

Section 6.1—Flood Control Authority. The commission may plan, design, construct, and operate and maintain projects and facilities it deems necessary or desirable for flood plain development and flood damage reduction. It shall have power to operate such facilities and to store and release waters of the Susquehanna River and its tributaries and elsewhere within the basin, in such manner, at such times, and under such regulations as the commission may deem appropriate to meet flood conditions as they may arise.

Section 6.2—Regulation.

(a) The commission may study and determine the nature and extent of the flood plains of the Susquehanna River and its tributaries. Upon the basis of the studies, it may delineate areas subject to flooding, including but not limited to a classification of lands with reference to relative risk of flooding and the establishment of standards for flood plain use which will promote economic development and safeguard the public health, welfare, safety, and property. Prior to the adoption of any standards delineating, the area or defining the use, the commission shall hold public hearings with respect to the substance of standards in the manner provided by Article 15. The proposed standards shall be available from the commission at the time notice is given, and interested persons shall be given an opportunity to be heard thereon at the hearings.

(b) The commission shall have power to promulgate, adopt, amend, and repeal from time to time as necessary, standards relating to the nature and extent of the uses of land in areas subject to flooding.

(c) In taking action pursuant to subsection (b) of this section and as a prerequisite thereto, the commission shall consider the effect of uses of the flood plain in question on the health and safety of persons and property in the basin, the economical and technical feasibility of measures available for the development and protection of the flood plain, and the responsibilities, if any, of local, state, and federal governments connected with the use or proposed use of the flood plain in question. The commission shall regulate the use of particular flood plains in the manner and degree it finds necessary for the factors enumerated in this

subsection, but only with the consent of the affected signatory state, and shall suspend such regulation when and so long as the signatory party or parties or political subdivision possessing jurisdiction have in force applicable laws which the commission finds give adequate protection for the purpose of this section.

(d) In order to conserve, protect, and utilize the Susquehanna River and its tributaries in accordance with the best interests of the people of the basin and the signatory parties, it shall be the policy of the commission to encourage and coordinate the efforts of the signatory parties to control modification of the river and its tributaries by encroachment.

Section 6.3—Flood Lands Acquisition. The commission shall have power to acquire the fee or any lesser interest in lands and improvements thereon within the area of a flood plain for the purpose of regulating the use or types of construction of such property to minimize the flood hazard, convert the property to uses or types of construction appropriate to flood plain conditions, or prevent constrictions or obstructions that reduce the ability of the river channel and flood plain to carry flood water.

Section 6.4—Existing Structures. No rule or regulation issued by the commission pursuant to this compact shall be construed to require the demolition, removal, or alteration of any structure in place or under construction prior to the issuance thereof, without the payment of just compensation therefor. However, new construction or any addition to or alteration in any existing structure made or commenced subsequent to the issuance of such rule or regulation, or amendment, shall conform thereto.

Section 6.5—Police Powers. The regulation of use of flood plain lands is within the policy powers of the signatory states for the protection of public health and the safety of the people and their property and shall not be deemed a taking of land or lands for which compensation shall be paid to the owners thereof.

Section 6.6—Cooperation. Each of the signatory parties agrees to control flood plain use along and encroachment upon the Susquehanna River and its tributaries and to cooperate faithfully in these respects.

Section 6.7—Other Authority. Nothing, in this article shall be construed to prevent or in any way to limit the power of any signatory party, or any agency or subdivision thereof, to issue or adopt and enforce any requirement or requirements with respect to flood plain use or construction thereon more stringent than the rules, regulations, or encroachment lines in force pursuant to this article. The commission may appear in any court of competent jurisdiction to bring actions or proceedings in law or equity to enforce the provisions of this article.

Section 6.8—Debris. The signatory states agree that dumping or littering upon or in the waters of the Susquehanna River or its tributaries or upon the frozen surfaces thereof any rubbish, trash, litter, debris, abandoned properties, waste material, or offensive matter, is prohibited and that the law enforcement officials of each state shall enforce this prohibition.

ARTICLE 7
WATERSHED MANAGEMENT

Section 7.1—Watersheds Generality. The commission shall promote sound practices of watershed management in the basin, including projects and facilities to retard runoff and waterflow and prevent soil erosion.

Section 7.2—Soil Conservation and Land and Forest Management. The commission, subject to the limitations in Section 7.4(b), may acquire, sponsor, or operate facilities and projects to encourage soil conservation, prevent and control erosion, and promote land reclamation and sound land and forest management.

Section 7.3—Fish and Wildlife. The commission, subject to the limitation in Section 7.4 (b), may acquire, sponsor, or operate projects and facilities for the maintenance and improvement of fish and wildlife habitat related to the water resources of the basin.

Section 7.4—Cooperative Planning and Operation.

(a) The commission shall cooperate with the appropriate agencies of the signatory parties and with other public and private agencies in the planning and effectuation of a coordinated program of facilities and projects authorized by this article.

(b) The commission shall not acquire or operate any such project or facility unless it has first found and determined that no other suitable unit or agency of government is in a position to acquire or operate the same upon reasonable conditions, or such unit or agency fails to do so.

ARTICLE 8
RECREATION

Section 8.1—Development. The commission may provide for the development of water related public sports and recreational facilities. The commission on its own account or in cooperation with a signatory party, political subdivision or any agency thereof, may provide for the construction, maintenance, and administration of such facilities, subject to the provisions of Section 8.2 hereof.

Section 8.2—Cooperative Planning and Operation.

(a) The commission shall cooperate with the appropriate agencies of the signatory parties and with other public and private agencies in the planning and effectuation of a coordinated program of facilities and projects authorized by this article.

(b) The commission shall not operate any such project or facility unless it has first found and determined that no other suitable unit or agency of government is available to operate the same upon reasonable conditions.

Section 8.3—Operation and Maintenance. The commission, within limits prescribed by this article, shall:

1. Encourage activities of other public agencies having water related recreational interests and assist in the coordination thereof;
2. Recommend standards for the development and administration of water related recreational facilities;
3. Provide for the administration, operation, and maintenance of recreation facilities owned or controlled by the commission and for the letting and supervision of private concessions in accordance with this article.

Section 8.4—Concessions. The Commission, after public hearing upon due notice given, shall provide by regulation a procedure for the award of contracts for private concessions in connection with its recreational facilities, including any renewal or extension thereof, under terms and conditions determined by the commission.

ARTICLE 9

OTHER PUBLIC VALUES

Section 9.1—Inherent Values. The signatory parties agree that it is a purpose of this compact in effectuating the conservation and management of water resources to preserve and promote the economic and other values inherent in this historic and the scenic and other natural amenities of the Susquehanna River Basin for the enjoyment and enrichment of future generations, for the promotion and protection of tourist attractions in the basin, and for the maintenance of the economic health of allied enterprises and occupations so as to effect orderly, balanced, and considered development in the basin.

Section 9.2—Project Compatibility. To this end, the signatory parties agree that in the consideration, authorization, construction, maintenance, and operation of all water resources projects in the Susquehanna basin, their agencies and subdivisions, and the Susquehanna River Basin Commission will consider the compatibility of such projects with these other public values.

Section 9.3—Regulation Standards. The commission may recommend to governmental units with jurisdiction within areas considered for scenic or historic designation minimum standards of regulation of land and water use and such other protective measures as the commission may deem desirable.

Section 9.4—Local Area Protection. The commission may draft and recommend for adoption ordinances and regulations which would assist, promote, develop, and protect those areas and the character of their communities. Local governments may consider parts of their area which have been designated scenic or historic areas under the provisions of this article separately from the municipality as a whole, and pursuant to the laws of the state governing the adoption of those regulations generally may enact regulations limited to the designated area. In making recommendations to a local government which is partly in and partly out of such a scenic or historic area the commission may make recommendations for the entire municipality.

ARTICLE 10

HYDROELECTRIC POWER

Section 10.1—Development. The waters of the Susquehanna River and its tributaries may be impounded and used by or under authority of the Commission for the generation of hydroelectric power and hydroelectric energy in accordance with the comprehensive plan.

Section 10.2—Power Generation. The commission may develop and operate, or authorize to be developed and operated dams and related facilities and appurtenances for the purpose of generating hydroelectric power and hydroelectric energy.

Section 10.3—Transmission. The commission may provide facilities for the transmission of hydroelectric power and hydroelectric energy produced by it where such facilities are not otherwise available upon reasonable terms, for the purpose of wholesale marketing of power and nothing herein shall be construed to authorize the commission to engage in the business of direct sale to consumers.

Section 10.4—Development Contracts. The commission, after public hearings upon due notice given, may enter into contracts on reasonable terms, consideration, and duration under which public utilities or public agencies may develop hydroelectric power and hydroelectric energy through the use of dams, related facilities, and appurtenances.

Section 10.5—Rates and Charges. Rates and charges fixed by the commission for power which is produced by its facilities shall be reasonable, nondiscriminatory, and just.

ARTICLE 11

REGULATION of WITHDRAWAL and DIVERSIONS; PROTECTED AREAS and EMERGENCIES

Section 11.1—Power of Regulation. The commission may regulate and control withdrawals and diversions from surface waters and ground waters of the basin, as provided by this article. The commission may enter into agreements with the signatory parties relating to the exercise of such power or regulation or control and may delegate to any of them such powers of the commission as it may deem necessary or desirable.

Section 11.2—Determination of Protected Area. The commission from time to time after public hearing upon due notice given, may determine and delineate such areas within the basin wherein the demands upon supply made by water users have developed or threaten to develop to such a degree as to create a water shortage or impair or conflict with the requirements or effectuation of the comprehensive plan, and any such area may be designated as a protected area, with the consent of the member or members from the affected state or states. The commission, whenever it determines that such shortage no longer exists, shall terminate the protected status of such area and shall give public notice of such termination.

Section 11.3—Diversion and Withdrawal Permits. In any protected areas so determined and delineated, no person shall divert or withdraw water for domestic, municipal, agricultural, or industrial uses in excess of such quantities as the commission may prescribe by general regulations, except ((1) pursuant to a permit granted under this article, or ((2) pursuant to a permit or approval heretofore granted under the laws of any of the signatory states.

Section 11.4—Emergency.

(a) In the event of a drought which may cause an actual and immediate shortage of available water supply within the basin, or within any part hereof, the commission after public hearing, upon due notice given, may determine and delineate the area of the shortage and by unanimous vote declare a drought emergency therein.

For the duration of the drought emergency as determined by the commission, it thereupon may direct increases or decreases in any allocations, diversions, or releases previously granted or required, for a limited time to meet the emergency condition.

(b) In the event of a disaster or catastrophe other than drought, natural or manmade, which causes or may cause an actual and immediate shortage of available and usable water, the commission by unanimous consent may impose direct controls on the use of water and shall take such action as is necessary to coordinate the effort of federal, state, and local agencies and other persons and entities affected.

Section 11.5—Standards. Permits shall be granted, modified, or denied, as the case may be, to avoid such depletion of the natural stream flows and ground waters in the protected area or in an emergency area as will adversely affect the comprehensive plan or the just and equitable interests and rights of their lawful users of the same source, giving due regard to the need to

balance and reconcile alternatives and conflicting uses in the event of an actual or threatened shortage of water of the quality required.

Section 11.6—Judicial Review. The determinations and delineations of the commission pursuant to Section 1 1.2 and the granting, modification or denial of permits pursuant to Section 11.3, 1 1.4, and 1 1.5 shall be subject to judicial review in any court of competent jurisdiction.

Section 11.7—Maintenance of Records. Each signatory party shall provide for the maintenance and preservation of such records of authorized diversions and withdrawals and the annual volume thereof as the commission shall prescribe. Such records and supplementary reports shall be furnished to the commission at its request.

Section 11.8—Existing State Systems. Whenever the commission finds it necessary or desirable to exercise the powers conferred with respect to emergencies by this article, any diversion or withdrawal permits authorized or issued under the laws of any of the signatory states shall be superseded to the extent of any conflict with the control and regulation exercised by the commission.

ARTICLE 12

INTERGOVERNMENTAL RELATIONS

Section 12.1—Federal Agencies and Projects. For the purposes of avoiding conflicts of jurisdiction and of giving full effect to the commission as a regional agency of the signatory parties, the following rules shall govern Federal projects affecting the water resources of the basin, subject in each case to the provision of Section 1.4 of this compact:

1. The planning of all projects related to powers delegated to the commission by this compact shall be undertaken in consultation with the commission.
2. No expenditure or commitment shall be made for or on account of the construction, acquisition, or operation of any project or facility nor shall it be deemed authorized, unless it shall have first been included by the commission in the comprehensive plan.
3. Each Federal agency otherwise authorized by law to plan, design, construct, operate or maintain any project or facility in or for the basin shall continue to have, exercise, and discharge such authority except as specifically provided by this section.

Section 12.2—State and Local Agencies and Projects. For the purposes of avoiding conflicts of jurisdiction and of giving full effect to the commission as a regional agency of the signatory parties, the following rules shall govern projects of the signatory states, their political subdivisions and public corporations affecting water resources of the basin:

1. The planning of all projects related to powers delegated to the commission by this compact shall be undertaken in consultation with the commission;

2. No expenditure or commitment shall be made for or on account of the construction, acquisition, or operation of any project or facility unless it first has been included by the commission in the comprehensive plan;

3. Each state and local agency otherwise authorized by law to plan, design, construct, operate, or maintain any project or facility in or for the basin shall continue to have, exercise and discharge such authority, except as specifically provided by this section.

Section 12.3—Reserved Taxing Powers of States. Each of the signatory parties reserves the right to levy, assess, and collect fees, charges, and taxes on or measured by the withdrawal or diversion of waters of the basin for use within the jurisdiction of the respective signatory parties.

Section 12.4—Project Costs and Evaluation Standards. The commission shall establish uniform standards and procedures for the evaluation, determination of benefits, and cost allocations of projects affecting the basin, and for the determination of project priorities, pursuant to the requirements of the comprehensive plan and its water resources program. The commission shall develop equitable cost sharing and reimbursement formulas for the signatory parties including:

1. Uniform and consistent procedures for the allocation of project costs among purposes included in multiple-purpose programs;

2. Contracts and arrangements for sharing financial responsibility among and with signatory parties, public bodies, groups, and private enterprise, and for the supervision of their performance;

3. Establishment and supervision of a system of accounts for reimbursement purposes and directing the payments and charges to be made from such accounts;

4. Determining the basis and apportioning amounts (i) of reimbursable revenues to be paid signatory parties or their political subdivisions, and (ii) of payments in lieu of taxes to any of them.

Section 12.5—Cooperative Services. The commission shall furnish technical services, advice, and consultation to authorized agencies of the signatory parties with respect to the water resources of the basin, and each of the signatory parties pledges itself to provide technical and administrative service to the commission upon request, within the limits of available appropriations, and to cooperate generally with the commission for the purposes of this compact, and the cost of such service may be reimbursable whenever the parties deem appropriate.

ARTICLE 13
CAPITAL FINANCING

Section 13.1—Borrowing Power. The commission may borrow money for any of the purposes of this compact and may issue its negotiable bonds and other evidences of indebtedness in respect thereto.

All such bonds and evidences of indebtedness shall be payable solely out of the properties and revenues of the commission without recourse to taxation. The bonds and other obligations of the commission, except as may be otherwise provided in the indenture under which they were issued, shall be direct and general obligations of the commission, and the full faith and credit of the commission are hereby pledged for the prompt payment of the debt service thereon and for the fulfillment of all other undertakings of the commission assumed by it to or for the benefit of the holders thereof.

Section 13.2—Funds and Expenses. The purposes of this compact shall include without limitation thereto all costs of any project or facility or any part thereof, including interest during a period of construction and a reasonable time thereafter and any incidental expenses (legal, engineering, fiscal, financial consultant, and other expenses) connected with issuing and disposing of the bonds; all amounts required for the creation of an operating fund, construction fund, reserve fund, sinking fund, or other special fund; all other expenses connected with the planning,, design, acquisition, construction, completion, improvement, or reconstruction of any facility or any part thereof, and reimbursement of advances by the commission or by others for such purposes and for working capital.

Section 13.3—Credit Excluded; Officers, State and Municipal. The commission shall have no power to pledge the credit of any signatory party or of any county or municipality, or to impose any obligation for payment of the bonds upon any signatory party or any county or municipality. Neither the commissioners nor any person executing the bonds shall be liable personally on the bonds of the commission or be subject to any personal liability or accountability by reason of the issuance thereof.

Section 13.4—Funding and Refunding. Whenever the commission deems it expedient, it may fund and refund its bonds and other obligation, whether or not such bonds and obligations have matured. It may provide for the issuance, sale, or exchange of refunding bonds for the purpose of redeeming or retiring any bonds (including payment of any premium, duplicate interest, or cash adjustment required in connection therewith) issued by the commission or issued by any other issuing body, the proceeds of the sale of which have been applied to any facility acquired by the commission or which are payable out of the revenues of any facility acquired by the commission. Bonds may be issued partly to refund bonds and other obligations when outstanding, and partly for any other purpose of the commission. All provisions of this compact applicable to the issuance of bonds are applicable to refunding bonds and to the issuance, sale, or exchange thereof.

Section 13.5—Bonds: Authorization Generally. Bonds and other indebtedness of the commission shall be authorized by resolution of the commission. The validity of the

authorization and issuance of any bonds by the commission shall not be dependent upon or affected in any way by: ((1) the disposition of bond proceeds by the commission or by contract, commitment or action taken with respect to such proceeds; or ((2) the failure to complete any part of the project for which bonds are authorized to be issued. The commission may issue bonds in one or more series and may provide for one or more consolidated bond issues, in such principal amounts and with such terms and provisions as the commission may deem necessary. The bonds may be secured by a pledge of all or any part of the property, revenues, and franchises under its control. Bonds may be issued by the commission in such amount, with such maturities and in such denomination and form or forms, whether coupon or registered, as to both principal and interest, as may be determined by the commission. The commission may provide for redemption of bonds prior to maturity on such notice and at such time or times and with such redemption provisions, including premiums, as the commission may determine.

Section 13.6—Bonds, Resolutions and Indentures Generally. The commission may determine and enter into indentures providing for the principal amount, date or dates, maturities, interest rate, denominations, form, registration, transfer, interchange, and other provisions of the bonds and coupons and the terms and conditions upon which the same shall be executed, issued, secured, sold, paid, redeemed, funded, and refunded. The resolution of the commission authorizing any bond or any indenture so authorized under which the bonds are issued may include all such covenants and other provisions other than any restriction on the regulatory powers vested in the commission by this compact as the commission may deem necessary or desirable for the issue, payment, security, protection, or marketing of the bonds, including without limitation covenants and other provisions as to the rates or amounts of fees, rents, and other charges to be charged or made for use of the facilities; the use, pledge, custody, securing, application, and disposition of such revenues, of the proceeds of the bonds, and of any other monies of the commission; the operation, maintenance, repair, and reconstruction of the facilities and the amounts which may be expended therefor; the sale, lease, or other disposition of the facilities; the insuring of the facilities and of the revenues derived therefrom; the construction or other acquisition of other facilities; the issuance of additional bonds or other indebtedness; the rights of the bondholders and of any trustee for the bondholders upon default by the commission or otherwise; and the modification of the provisions of the indenture and of the bonds. Reference on the face of the bonds to such resolution or indenture by its date of adoption or the apparent date of the face thereof is sufficient to incorporate all of the provisions thereof and of this compact into the body of the bonds and their appurtenant coupons. Each taker and subsequent holder of the bonds or coupons, where the coupons are attached to or detached from the bonds, has recourse to all of the provisions of the indenture and of this compact and is bound thereby.

Section 13.7—Maximum Maturity. No bond or its terms shall mature in more than fifty, years from its own date, or on any date subsequent to the duration of this compact, and in the event any authorized issue is divided into two or more series or divisions, the maximum maturity date herein authorized shall be calculated from the date on the face of each bond separately, irrespective of the fact that different dates may be prescribed for the bonds of each separate series or division of any authorized issue.

Section 13.8—Tax Exemption. All bonds issued by the commission under the provisions of this compact and the interest thereon shall at all times be free and exempt from all taxation by or under authority of any of the signatory parties, except for transfer, inheritance, and estate taxes.

Section 13.9—Interest. Bonds shall bear interest at such rate as the commission shall determine, payable annually and semi-annually.

Section 13.10—Place of Payment. The commission may provide for the payment of the principal and interest of bonds at any place or places within or without the signatory states, and in any specified lawful coin or currency of the United States of America.

Section 13.11—Execution. The commission may provide for the execution and authentication of bonds by the manual, lithographed, or printed facsimile signature of officers of the commission, any by additional authentication by a trustee or fiscal agent appointed by the commission. If any of the officers whose signatures or countersignatures appear upon the bonds or coupons ceases to be an officer before the delivery of the bonds or coupons, his signature or countersignature is nevertheless valid and of the same force and effect as if the officer had remained in office until the delivery of the bonds and coupons.

Section 13.12—Holding Own Bonds. The commission shall have power out of any funds available therefor to purchase its bonds and may hold, cancel, or sell such bonds.

Section 13.13—Sale. The commission may fix terms and conditions for the sale or other disposition of any authorized issue of bonds and may sell its bonds at less than their par or face value. All bonds issued or sold for cash pursuant to this Compact shall be sold on sealed proposals to the highest bidder. Prior to such sale, the Commission shall advertise for bids by publication of a notice of sale not less than ten days prior to the date of sale, at least once in a newspaper of general circulation printed and published in New York City carrying municipal bonds notices and devoted primarily to financial news. The commission may reject any and all bids submitted and may thereafter sell the bonds so advertised for sale at private sale to any financially responsible bidder under such terms and conditions as it deems most advantageous to the public interest, but the bonds shall not be sold at a net interest cost calculated upon the entire issue so advertised, greater than the lowest bid which was rejected. In the event the Commission desires to issue its bonds in exchange for an existing facility or portion thereof, or in exchange for bonds secured by the revenues of an existing facility, it may exchange such bonds for the existing facility or portion thereof or for the bonds so secured, plus an additional amount of cash, without advertising such bonds for sale.

Section 13.14—Negotiability. All bonds issued under the provisions of this compact are negotiable instruments, except when registered in the name of a registered owner.

Section 13.15—Legal Investments. Bonds of the commission shall be legal instruments for savings banks, fiduciaries and public funds in each of the signatory states.

Section 13.16—Validation Proceedings. Prior to the issuance of any bonds, the commission may institute a special proceeding to determine the legality of proceedings to issue the bonds and their validity under the laws of any of the signatory parties. Such proceedings shall be instituted and prosecuted in rem, and the judgment rendered therein shall be conclusive against all persons whomsoever and against each of the signatory parties.

Section 13.17—Recording. No indenture need be recorded or filed in any public office, other than the office of the commission. The pledge of revenues provided in any indenture shall take effect forthwith as provided therein and irrespective of the date of receipts of such revenues by the commission or the indenture trustee. Such pledge shall be effective as provided in the indenture without physical delivery of the revenues to the commission or the indenture trustee.

Section 13.18—Pledged Revenues. Bond redemption and interest payments, to the extent provided in the resolution or indenture, shall constitute a first, direct and exclusive charge and lien on all such rates, rents, tolls, fees and charges and other revenues and interest thereon received from the use and operation of the facility, and on any sinking, or other funds created therefrom. All such rates, rents, tolls, fees, charges and other revenues, together with interest thereon, shall constitute a trust fund for the security and payment of such bonds, and except as and to the extent provided in the indenture with respect to the payment therefrom of expenses for other purposes including administration, operation, maintenance, improvements, or extensions of the facilities or other purposes shall not be used or pledged for any other purpose so long as such bonds, or any of them are outstanding, and unpaid.

Section 13.19—Remedies. The holder of any bond may for the equal benefit and protection of all holders of bonds similarly situated; ((1) by mandamus or other appropriate proceedings require and compel the performance of any of the duties imposed upon the commission or assumed by it, its officers, agents, or employees under the provisions of any indenture, in connection with the acquisition, construction, operation, maintenance, repair, reconstruction, or insurance of the facilities, or in connection with the collection, deposit, investment, application, and disbursement of the rates, rents, tolls, fees, charges, and other revenues derived from the operation and use of the facilities, or in connection with the deposit, investment and disbursement of the proceeds received from the sale of bonds; or ((2) by action or suit in a court of competent jurisdiction of any signatory party require the commission to account as if it were the trustee of an express trust, or enjoin any acts or things which may be unlawful or in violation of the rights of the holders of the bonds. The enumeration of such rights and remedies, however, does not exclude the exercise or prosecution of any other rights or remedies available to the holder of bonds.

Section 13.20—Capital Financing by Signatory Parties; Guarantees.

(a) The signatory parties shall provide such capital funds required for projects of the commission as may be authorized by their respective statutes in accordance with a cost sharing plan prepared pursuant to Article 12 of this compact; but nothing in this section shall be deemed to impose any mandatory obligation on any of the signatory parties other than such obligation as may be assumed by a signatory party in connection with a specific project or facility.

(b) Bonds of the commission, notwithstanding any other provision of this compact, may be executed and delivered to any duly authorized agency of any of the signatory parties without public offering and may be sold and resold with or without the guaranty of such signatory party, subject to and in accordance with the constitutions of the respective signatory parties.

(c) The commission may receive and accept, and the signatory parties may make loans, grants, appropriations, advances, and payments of reimbursable or nonreimbursable funds or property in any form for the capital or operating purposes of the commission.

ARTICLE 14

PLAN, PROGRAM and BUDGETS

Section 14.1—Comprehensive Plan. The commission shall develop and adopt, and may from time to time review and revise, a comprehensive plan for the immediate and long range development and use of the water resources of the basin. The plan shall include all public and private projects and facilities which are required, in the judgment of the commission, for optimum planning, development, conservation, utilization, management, and control of the water resources of the basin to meet present and future needs. The commission may adopt a comprehensive plan or any revision thereof in such part or parts as it may deem appropriate, provided that before the adoption of the plan or any part or revision thereof the commission shall consult with water users and interested public bodies and public utilities and shall consider and give due regard to the findings and recommendations of the various agencies of the signatory parties, their political subdivisions, and interested groups. The commission shall conduct public hearings upon due notice given, with respect to the comprehensive plan prior to the adoption of the plan or any part of the revision thereof, except that public and private projects and facilities which, in the judgment of the commission, are not required for the optimum planning, development, conservation, utilization, management, and control of the water resources of the basin and which, in the judgment of the commission, will not significantly affect the water resources of the basin, may be added directly to the comprehensive plan at any time at the discretion of the commission without public hearing thereon. The comprehensive plan shall take into consideration the effect of the plan or any part thereof upon the receiving waters of the Chesapeake Bay.

Section 14.2—Water Resources Program. The commission shall annually adopt a water resources program, based upon the comprehensive plan, consisting of the projects and facilities which the commission proposes to be undertaken by the commission and by other authorized governmental and private agencies, organizations, and persons during the ensuing six years or such other reasonably foreseeable period as the commission may determine. The water resources program shall include a systematic presentation of:

1. The quantity and quality of water resources needs for such period.
2. The existing and proposed projects and facilities required to satisfy such needs, including all public and private projects to be anticipated; and

3. A separate statement of the projects proposed to be undertaken by the commission during such period.

Section 14.3—Annual Current Expense and Capital Budgets.

(a) The commission shall annually adopt a capital budget including all capital projects it proposes to undertake or continue during the budget period containing a statement of the estimated cost of each project and the method of financing thereof.

(b) The commission shall annually adopt a current expense budget for each fiscal year. Such budget shall include the commission's estimated expenses for administration, operation, maintenance, and repairs, including a separate statement thereof for each project, together with its cost allocation. The total of such expenses shall be balanced by the commission's estimated revenues from all sources, including the cost allocations undertaken by any of the signatory parties in connection with any project. Following the adoption of the annual current expense budget by the commission, the executive director of the commission shall:

1. Certify to the respective signatory parties the amounts due in accordance with existing cost sharing established for each project; and

2. Transmit certified copies of such budget to the principal budget officer of the respective signatory parties at such time and in such manner as may be required under their respective budgetary procedures. The amount required to balance the current expense budget in addition to the aggregate amount of item I above and all other revenues available to the commission shall be apportioned equitably among the signatory parties by unanimous vote of the commission, and the amount of such apportionment to each signatory party shall be certified together with the bud et.

(c) The respective signatory parties covenant and agree to include the amounts so apportioned for the support of the current expense budget in their respective budgets next to be adopted, subject to such review and approval as may be required by their respective budgetary processes. Such amounts shall be due and payable to the commission in quarterly installments during its fiscal year, provided that the commission may draw upon its working capital to finance its current expense budget pending remittance by the signatory parties.

ARTICLE 15
GENERAL PROVISIONS

Section 15.1—Auxiliary Powers of Commission; Functions of Commissioners.

(a) The commission, for the purposes of this compact, may:

1. Adopt and use a corporate seal, enter into contracts, and sue and be sued in any court of competent jurisdiction;
2. Receive and accept such payments, appropriations, grant, gifts, loans, advances, and other funds, properties, and services as may be transferred or made available to it by any signatory party or by any other public or private corporation or individual, and enter into agreements to make reimbursement for all or part thereof,
3. Provide for, acquire, and adopt detailed engineering, administrative, financial, and operating plans and specifications to effectuate, maintain, or develop any facility or project;
4. Control and regulate the use of facilities owned or operated by the commission;
5. Acquire, own, operate, maintain, control, sell and convey real and personal property and any interest therein by contract, purchase, lease, license, mortgage, or otherwise as it may deem necessary for any project or facility, including any and all appurtenances thereto necessary, useful, or convenient for such ownership operation, control, maintenance, or conveyance;
6. Have and exercise all corporate powers essential to the declared objects and purposes of the commission.

(b) The commissioners, subject to the provisions of this compact, shall:

1. Serve as the governing body of the commission, and exercise and discharge its powers and duties, except as otherwise provided by or pursuant to this compact;
2. Determine the character of and the necessity for its obligations and expenditures and the manner in which they shall be incurred, allowed, and paid subject to any provisions of law specifically applicable to agencies or instrumentalities created by this compact;
3. Provide for the internal organization and administration of the commission;
4. Appoint the principal officers of the commission and delegate to and allocate among them administrative functions, powers and duties;
5. Create and abolish offices, employments and positions as it deems necessary for the purpose of the commission, and subject to the provisions of this article, fix and provide for the qualification, appointments, removal, term, tenure, compensation, pension, and retirement rights of its officers and employee;

6. Let and execute contracts to carry out the powers of the commission.

Section 15.2—Regulations; Enforcement. The commission may:

1. Make and enforce rules and regulations for the effectuation, application, and enforcement of this compact, and it may adopt and enforce practices and schedules for or in connection with the use, maintenance, and administration of projects and facilities it may own or operate and any product or service rendered thereby; provided that any rule or regulation, other than one which deals solely with the internal management of the commission, shall not be effective unless and until filed in accordance with the law of the respective signatory parties applicable to administrative rules and regulations generally; and

2. Designate any officer, agent, or employee of the commission to be an investigator or watchman and such person shall be vested with the powers of a peace officer of the state in which he is duly assigned to perform his duties.

Section 15.3—Tax Exemptions. The commission, its property, functions, and activities shall be exempt from taxation by or under the authority of any of the signatory parties or any political subdivision thereof, provided that in lieu of property taxes the commission, as to its specific projects, shall make payments to local taxing districts in annual amounts which shall equal the taxes lawfully assessed upon property for the tax year next prior to its acquisition by the commission for a period of ten years. The nature and amount of such payments shall be reviewed by the commission at the end of ten years, and from time to time thereafter, upon reasonable notice and opportunity to be heard to the affected taxing district, and the payments may be thereupon terminated or continued in such reasonable amount as may be necessary or desirable to take into account hardships incurred and benefits received by the taxing jurisdiction which are attributed to the project.

Section 15.4—Meetings; Public Hearings; Records, Minutes.

- (a) All meetings of the commission shall be open to the public.

- (b) The commission shall conduct at least one public hearing in each state prior to the adoption of the initial comprehensive plan. In all other cases wherein this compact requires a public hearing, such hearing shall be held upon not less than twenty days' public notice given by posting at the offices of the commission, and published at least once in a newspaper or newspapers of general circulation in the area or areas affected. The commission shall also provide forthwith for distribution of such notice to the press and by mailing of a copy thereof to any person who shall request such notices.

- (c) The minutes of the commission shall be a public record open to inspection at its offices during regular business hours.

Section 15.5—Officers Generally.

(a) The officers of the commission shall consist of an executive director and such additional officers, deputies, and assistants as the commission may determine. The executive director shall be appointed and may be removed by the affirmative vote of a majority of the full membership of the commission. All other officers and employees shall be appointed or dismissed by the executive director under such rules of procedure as the commission may establish.

(b) In the appointment and promotion of officers and employees for the commission, no political, racial, religious, or residence test or qualification shall be permitted or given consideration, but all such appointments and promotions shall be solely on the basis of merit and fitness. Any officer or employee of the commission who is found by the commission to be guilty of a violation of this section shall be immediately dismissed.

Section 15.6—Oath of Office. An oath of office in such form as the commission shall prescribe shall be taken, subscribed, and filed with the commission by the executive director and by each officer appointed by him not later than fifteen days after the appointment.

Section 15.7—Bond. Each officer shall give such bond and in such form and amount as the commission may require, for which the commission shall pay the premium.

Section 15.8—Prohibited Activities.

(a) No commissioner, officer or employee shall:

1. Be financially interested, either directly or indirectly, in any contract, sale, purchase, lease, or transfer of real or personal property to which the commission is a party;

2. Solicit or accept money or any other thing of value in addition to the compensation or expense paid him by the commission for services performed within the scope of his official duties;

3. Offer money or any thing of value for or in consideration of obtaining an appointment, promotion, or privilege in his employment with the commission.

(b) Any officer or employee who willfully violates any of the provisions of this section shall forfeit his office or employment.

(c) Any contract or agreement knowingly made in contravention of this section is void.

(d) Officers and employee of the commission shall be subject, in addition to the provisions of this section, to such criminal and civil sanctions for misconduct in office as may be imposed by Federal law and the law of the signatory state in which such misconduct occurs.

Section 15.9—Purchasing. Contracts for the construction, reconstruction or improvement of any facility when the expenditure required exceeds ten thousand dollars, and contracts for the purchase of services, supplies, equipment, and materials when the expenditure required exceeds five thousand dollars shall be advertised and let upon sealed bids to the lowest reasonable bidder. Notice requesting such bids shall be published in a manner reasonably likely to attract prospective bidders, which publication shall be made at least thirty days before bids are received and in at least two newspapers of general circulation in the basin. The commission may reject any and all bids and readvertise in its discretion. If after rejecting bids the commission determines and resolves that in its opinion the supplies, equipment, and materials may be purchased at a lower price in the open market, the commission may give each responsible bidder an opportunity to negotiate a price and may proceed to purchase the supplies, equipment, and materials in the open market at a negotiated price which is lower than the lowest rejected bid of a responsible bidder, without further observance of the provisions requiring bids or notice. The commission shall adopt rules and regulations to provide for purchasing from the lowest responsible bidder when sealed bids, notice, and publication are not required by this section. The commission may suspend and waive the provisions of this section requiring competitive bids whenever:

1. The purchase is to be made from or the contract to be made with the Federal or any state government or any agency or political subdivision thereof or pursuant to any open and bulk purchase contract of any of them;
2. The public exigency requires the immediate delivery of the articles or performance of the service,
3. Only one source of supply is available;
4. The equipment to be purchased is of a technical nature and the procurement thereof without advertising is necessary in order to assure standardization of equipment and interchangeability of parts in the public interest; or
5. Services are to be provided of a specialized or professional nature.

Section 15.10—Insurance. The commission may self-insure or purchase insurance and pay the premiums therefor against loss or damage to any of its properties; against liability for injury to persons or property; and against loss of revenue from any cause whatsoever. Such insurance coverage shall be in such form and amount as the commission may determine, subject to the requirements of any agreement arising out of the issuance of bonds by the commission.

Section 15.11—Annual Independent Audit.

(a) As soon as practical after the closing of the fiscal year an audit shall be made of the financial accounts of the commission. The audit shall be made by qualified certified public accountants selected by the commission, who have no personal interest direct or indirect in the financial affairs of the commission or any of its officers or employees. The report of audit shall be prepared in accordance with accepted accounting practices and shall be filed with the

chairman and such other officers as the commission shall direct. Copies of the report shall be distributed to each commissioner and shall be made available for public distribution.

(b) Each signatory party by its duly authorized officers shall be entitled to examine and audit at any time all of the books, documents, records, files and accounts, and all other papers, things, or property of the commission. The representatives of the signatory parties shall have access to all books, documents, records, accounts, reports, files, and all other papers, things, or property belonging to or in use by the commission and necessary to facilitate audit and they shall be afforded full facilities for verifying transactions with the balances or securities held by depositories, fiscal agents, and custodians.

(c) The financial transactions of the commission shall be subject to audit by the General Accounting Office in accordance with the principles and procedures applicable to commercial corporate transactions and under such rules and regulations as may be prescribed by the Comptroller General of the United States. The audit shall be conducted at the place or places wherein the accounts of the commission are kept.

(d) Any officer or employee who shall refuse to give all required assistance and information to the accounts selected by the commission or to the authorized officers of any signatory party or who shall refuse to submit to them for examination such books, documents, records, files, accounts, papers, things, or property as may be requested shall forfeit his office.

Section 15.12—Reports. The commission shall make and publish an annual report to the legislative bodies of the signatory parties and to the public reporting on its programs, operations, and finances. It may also prepare, publish, and distribute such other public reports and informational materials as it may deem necessary or desirable.

Section 15.13—Grants, Loans, or Payments by States or Political Subdivisions.

(a) Any or all of the signatory parties or any political subdivision thereof may:

1. Appropriate to the commission such funds as may be necessary to pay preliminary expenses such as the expenses incurred in the making of borings, and other studies of subsurface conditions, in the preparation of contracts for the sale of water and in the preparation of detailed plans and estimates required for the financing of a project;
2. Advance to the commission, either as grants or loans, such funds as may be necessary or convenient to finance the operation and management of or construction by the commission of any facility or project;
3. Make payments to the commission for benefits received or to be received from the operation of any of the projects or facilities of the commission.

(b) Any funds which may be loaned to the commission either by a signatory party or a political subdivision thereof shall be repaid by the commission through the issuance of bonds or out of other income of the commission, such repayment to be made within such period and upon

such terms as may be agreed upon between the commission and the signatory party or political subdivision making the loan.

Section 15.14—Condemnation Proceedings.

(a) The commission shall have the power to acquire by condemnation the fee or any lesser interest in lands, lands lying under water, development rights in land, riparian rights, water rights, water and other real or personal property within the basin for any project or facility authorized pursuant to this compact. This grant of power of eminent domain includes but is not limited to the power to condemn for the purposes of this compact any property already devoted to a public use, by whomsoever owned or held other than property of a signatory party. Any condemnation of any property or franchises owned or used by a municipal or privately owned public utility, unless the affected public utility facility is to be relocated or replaced, shall be subject to the authority of such state board, commission, or other body as may have regulatory jurisdiction over such public utility.

(b) The power of condemnation referred to in subsection (a) shall be exercised in accordance with the provisions of the state condemnation law in force in the signatory state in which the property is located. If there is no applicable state condemnation law, the power of condemnation shall be exercised in accordance with the provisions of Federal condemnation law.

(c) Any award or compensation for the taking of property pursuant to this article shall be paid by the commission and none of the signatory parties nor any other agency, instrumentality or political subdivision thereof shall be liable for such award or compensation.

Section 15.15—Conveyance of Lands and Relocation of Public Facilities.

(a) The respective officers, agencies, departments, commissions, or bodies having jurisdiction and control over real and personal property owned by the signatory parties are authorized and empowered to transfer and convey in accordance with the laws of the respective parties, to the commission any such property as may be necessary or convenient to the effectuation of the authorized purposes of the commission.

(b) Each political subdivision of each of the signatory parties, notwithstanding any contrary provisions of law, is authorized and empowered to grant and convey to the commission, upon the commission's request, any real property or any interest therein owned by such political subdivision including lands lying under water and lands already devoted to public use which may be necessary or convenient to the effectuation of the authorized purposes of the commission.

(c) Any highway, public utility, or other public facility which will be dislocated by reason of a project deemed necessary by the commission to effectuate the authorized purposes of this compact shall be relocated and the cost thereof shall be paid in accordance with the law of the state in which the facility is located; provided that the cost of such relocation payable by the commission shall not in any event exceed the expenditure required to serve the public convenience and necessity.

Section 15.16—Rights of Way. Permission is hereby granted to the commission to locate, construct, and maintain any aqueducts, lines, pipes, conduits, and auxiliary facilities authorized to be acquired, constructed, owned, operated, or maintained by the commission in, over, under, or across any streets and highways now or hereafter owned, opened, or dedicated to or for public use, subject to such reasonable conditions as the highway department of the signatory party may require.

Section 15.17—Penalty. Any person, association, or corporation who violates or attempts or conspires to violate any provisions of this compact or any rule, regulation, or order of the commission duly made, promulgated, or issued pursuant to the compact in addition to any other remedy, penalty, or consequence provided by law shall be punishable as may be provided by statute of any of the signatory parties within which the violation is committed; provided that in the absence of such provision any such person, association or corporation shall be liable to a penalty of not less than \$50 nor more than \$1,000 for each such violation to be fixed by the court which the commission may recover in its own name in any court of competent Jurisdiction and in a summary proceeding where available under the practice and procedure of such court. For the purposes of this section in the event of a continuing offense each day of such violation, attempt, or conspiracy shall constitute a separate offense.

Section 15.18—Tort Liability. The commission shall be responsible for claims arising out of the negligent acts or omissions of its officers, agents, and employees only to the extent and subject to the procedures prescribed by law generally with respect to officers, agents, and employees of the government of the United States.

Section 15.19—Effect on Riparian Rights. Nothing contained in this compact shall be construed as affecting or intending to affect or in any way to interfere with the law of the respective signatory parties relating to riparian rights.

Section 15.20—Amendments and Supplements. Amendments and supplements to this compact to implement the purposes thereof may be adopted by legislative action of any of the signatory parties concurred in by all of the others.

Section 15.21—Construction and Severability. The provisions of this compact and of agreements thereunder shall be severable and if any phrase, clause, sentence, or provision of the Susquehanna River Basin Compact or such agreement is declared to be unconstitutional or the applicability thereof to any signatory party, agency, or person is held invalid, the constitutionality of the remainder of such compact or such agreement and the applicability thereof to any other signatory party, agency, person, or circumstance shall not be affected thereby. It is the legislative intent that the provisions of such compact be reasonably and liberally construed.

Section 15.22—Effective Date; Execution. This compact shall become binding and effective thirty days after the enactment of concurring legislation by the Federal government, the states of Maryland and New York, and the Commonwealth of Pennsylvania. The compact shall be signed and sealed in five identical original copies by the respective chief executives of the signatory parties. One such copy shall be filed with the Secretary of State of each of the signatory parties or in accordance with the laws of the state in which the filing is made, and one copy shall be filed and retained in the archives of the commission upon its organization.

IN WITNESS WHEREOF, and in evidence of the adoption and enactment into law of this compact by the Congress and legislatures, respectively, of the signatory parties, the President of the United States and the respective Governors do hereby, in accordance with authority conferred by law, sign this compact in five duplicate original copies, as attested by the respective secretaries of state, and have caused the seals of the United States and of the respective states to be hereunto affixed this 24th day of December, 1970.

PART II RESERVATIONS AND EFFECTUATION

UNITED STATES: *(From Public Law 91-575, 84 Stat. 1509 et seq.)*

Section 2 Reservations. In the exercise of the powers reserved to the Congress, pursuant to section 1.4 of the compact, the consent to and participation in the compact by the United States is subject to the following conditions and reservations:

(a) Notwithstanding any provision of the Susquehanna River Basin Compact the Susquehanna River Basin Commission shall not undertake any project (as defined in such compact), other than a project for which state supplied funds only will be used, beyond the planning stage until—

(1) Such commission has submitted to the Congress such complete plans and estimates for such project as may be necessary to make an engineering evaluation of such project, including—

(A) Where the project will serve more than one purpose, an allocation of costs among the purposes served and an estimate of the ratio of benefits to costs for each such purpose.

(B) An apportionment of costs among the beneficiaries of the project, including the portion of the costs to be borne by the Federal government and by State and local governments, and

(C) A proposal for financing the project, including the terms of any proposed bonds or other evidences of indebtedness to be used for such purpose, and

(2) Such project has been authorized by Act of Congress: **PROVIDED**, that when a project has been authorized by Congress, such additional or changed uses of storage therein as the commission may desire shall require project reauthorization, with reallocation of project costs to all project purposes served.

(b) No provision of section 3.9 of the compact shall be deemed to authorize the commission to impose any charge for water withdrawals or diversions from the basin if such withdrawals or diversions could lawfully have been made without charge on the effective date of the compact or to impose any charges with respect to commercial navigation within the basin, jurisdiction over which is reserved to the Federal government: **PROVIDED**, that this paragraph shall be applicable to the extent not inconsistent with section 1.4 of this compact.

(c) Nothing contained in the compact shall be deemed to restrict the Executive powers of the President in the event of a national emergency.

(d) Nothing contained in the compact shall be construed as impairing or in any manner affecting the applicability to all Federal funds budgeted and appropriated for use by the

commission of such authority over budgetary and appropriation matters as the President and Congress may have with respect to agencies in the executive branch of the Federal government.

(e) Except to the same extent that state bonds are or may continue to be free or exempt from Federal taxation under the Internal Revenue laws of the United States, nothing contained in the compact shall be construed as freeing or exempting from Internal Revenue taxation in any manner whatsoever any bonds issued by the commission, their transfer, or the income therefrom (including any profits made on the sale thereof).

(f) Nothing contained in the compact shall be construed to obligate the United States legally or morally to pay the principal or interest on any bonds issued by the Susquehanna River Basin Commission.

(g) All laborers and mechanics employed by contractors or subcontractors in the construction, alteration or repair, including painting and decorating of projects, buildings and works which are undertaken by the commission or are financially assisted by it, shall be paid wages at rates not less than those prevailing on similar construction in the locality so determined by the Secretary of Labor in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a-276a-5), and every such employee shall receive compensation at a rate not less than one and one half times his basic rate of pay for all hours worked in any workweek in excess of eight hours in any workday or forty hours in any workweek as the case may be. A provision stating the minimum wages thus determined and the requirement that overtime be paid as above provided shall be set out in each project advertisement for bids and in each bid proposal form and shall be made a part of the contract covering the project. The Secretary of Labor shall have, with respect to the administration and enforcement of labor standards specified in this provision, the supervisory, investigatory and other authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (15 F. R. 3176, 64 Stat. 126(7), and section 2 of the Act of June 13, 1934, as amended (48 Stat. 948, as amended. 50 U.S.C. 276(c)).

(h) The commission shall insure that there is no discrimination on the ground of race, color, religion, sex, or national origin in ((1) the programs and activities of the commission, ((2) the employment practices of the commission, and ((3) the employment practices of parties entering into contracts with the commission, including construction contracts and contracts for private concessions in connection with recreational facilities.

(i) Contracts for the manufacture or furnishing of materials, supplies, articles and equipment with the commission which are in excess of \$10,000 shall be subject to the provisions of the Walsh-Healy Public Contracts Act (41 U.S.C. 35 et seq.).

(j) Nothing contained in this Act or in the compact shall be construed as superseding or limiting the functions, under any other law, of the Secretary of the Interior or of any other officer or agency of the United States, relating to water pollution: **PROVIDED**, that the exercise of such functions shall not limit the authority of the commission to control, prevent or abate water pollution.

(k) The provisions of section 8.4 of article 8 of the compact shall not be construed to apply to facilities pursuant to any other Federal law.

(l) For the purposes of the Federal Tort Claims Act, of June 25, 1948 (62 Stat. 98(2), as amended (28 U.S.C. ch. 171 and sections 1346 (b) and 2401 (b) and the Tucker Act of March 3, 1887 (24 Stat. 50(5), as amended (28 U.S.C. 1346(a)((2), 1402, 1491, 1496, 1501, 1503, 2411, 2412, 250(1), and the Administrative Procedure Act of June 11, 1946 (60 Stat. 23(7), as amended (5 U.S.C. 551-558, 701-70(6), and the Federal Power Act of June 10, 1920 (41 Stat. 106(3), as amended (16 U.S.C. 791-82(3), the commission shall not be considered a Federal agency.

(m)The officers and employees of the commission (other than the United States member, alternate United States member, and advisors, and personnel employed by the United States member under direct Federal appropriation) shall not be deemed to be, for any purpose, officers or employees of the United States or to become entitled at any time by reason of employment by the commission to any compensation or benefit payable or made available by the United States solely and directly to its officers or employees.

(n) Neither the compact nor this Act shall be deemed to enlarge the authority of any Federal agency other than the commission to participate in or to provide funds for projects or activities in the Susquehanna River Basin.

(o) Notwithstanding paragraph 7 of section 3.10 of the compact, the United States district courts shall have original jurisdiction of all cases or controversies arising under the compact and this Act, and any case or controversy so arising initiated in a state court shall be removable to the appropriate United States district court in the manner provided by section 1446 of title 28, United States Code. Nothing contained in the compact or elsewhere in this Act shall be construed as a waiver by the United States of its immunity from suit.

(p) The right to alter, amend, or repeal this Act is hereby expressly reserved. The right is hereby reserved to the Congress or any of its standing committees to require the disclosure and furnishing of such information and data by the Susquehanna River Basin Commission as is deemed appropriate by the Congress or any such committee.

(q) The provisions of sections 2.4 and 2.6 of article 2 of the compact notwithstanding, the member and alternate member appointed by the President and advisor there referred to may be paid compensation by the United States, such compensation to be fixed by the President at the rates which he shall deem to prevail in respect to comparable officers in the executive branch.

(r) 1. Nothing contained in this compact or in this Act shall impair, affect, or extend the constitutional authority of the United States.

2. Nothing contained in this compact or in this Act and no action of the commission shall supersede, impair, affect, compel, or prevent the exercise of any of the powers, rights, functions, or jurisdiction of the United States under other existing or future legislation in or over the area or waters which are the subject of the compact, including projects of the commission: **PROVIDED,** That—

(i) The commission shall serve as the principal agency for the coordination of Federal, State, interstate, local and nongovernmental plans for water and related land resources in the Susquehanna River Basin.

(ii) Except as provided in reservation (j), whenever a comprehensive plan, or any part or revision thereof, has been adopted with the concurrence of the member appointed by the President, the exercise of any powers conferred by law on any officer, agency, or instrumentality of the United States with regard to water and related land resources in the Susquehanna River Basin shall not substantially conflict with any such portion of such comprehensive plan and the provisions of section 3.10 and article 12 of the compact shall be applicable to the extent necessary to avoid such substantial conflict: **PROVIDED FURTHER**, That whenever the President shall find and determine that the national interest so requires, he may suspend, modify, or delete any provision of the comprehensive plan to the extent necessary to permit action by the affected agency or officer in accord with the national interest. Such action shall be taken by executive order in which such finding, and determination shall be set forth.

(iii) To insure consideration by Congress or any committee thereof of the commission's views, proposals for Federal projects which come within one or more of the classes requiring commission review under section 3.10 of the compact shall be submitted to the commission for review and recommendation for a period of ninety days or such longer time as may be required by the commission with the concurring vote of the member appointed by the President; and the recommendations and views of the commission thereon, if any, shall be included in any report submitted by the sponsoring Federal agency to the Congress or to any committee thereof in connection with any request for authorization or appropriations therefore.

3. For the purposes of paragraph 2 (ii) hereof, concurrence by the member appointed by the President shall be presumed unless within sixty days after notice to him of adoption of the comprehensive plan, or any part or revision thereof, he shall file with the commission notice of (i) no objection, or (ii) nonconcurrence. Each concurrence of the member appointed by the President in the adoption of the comprehensive plan or any part or revision thereof may be withdrawn by notice filed with the commission at any time between the first and sixtieth day of the sixth year after the initial adoption of the comprehensive plan and of every sixth year thereafter.

(s) In the event that any phrase, clause, sentence or provision of section 1.4 of article I of the compact, is declared to be unconstitutional under the constitution of any of the signatory parties, or the applicability thereof to any signatory party, agency or person is held invalid by a court of last resort of competent jurisdiction, the United States shall cease to be a party to the compact: **PROVIDED**, That the President may continue United States participation in the activities of the commission to the extent that he deems necessary and proper to protect the national interest.

(t) 1. All Acts or parts of Acts inconsistent with the provisions of this Act are hereby amended for the purpose of this Act to the extent necessary to carry out the provisions of this Act.

2. No action of the commission shall have the effect of repealing, modifying, or amending any Federal law.

(u) Notwithstanding the provisions of section 2.2 and 2.3 of the compact, the Federal member of the commission and his alternate shall be appointed by the President of the United States and shall serve at the pleasure of the President.

(v) Notwithstanding the provisions of section 12.5 or any other provision of the compact, the furnishing of technical services to the commission by agencies of the executive branch of the Government of the United States is pledged only to the extent that the respective agencies shall from time to time agree thereto or to the extent that the President may from time to time direct such agencies to perform such services for the commission. Nothing, in the compact shall be deemed to require the United States to furnish administrative services or facilities for carrying out functions of the commission except to the extent that the President may direct.

(w) Nothing contained in this Act or in the compact shall supersede, impair, affect, compel, or prevent the exercise of any of the powers, rights, functions, or jurisdiction of the Federal Power Commission, Federal Communications Commission, Atomic Energy Commission, Interstate Commerce Commission, or other such Federal independent regulatory agency under existing or future legislation. Accordingly, no action of the Susquehanna River Basin Commission shall conflict with any of the terms or conditions of any license or permit granted or issued by the aforementioned Federal agencies. This reservation shall not be construed as a basis for noncompliance with the requirements of the compact or this Act; nor shall it be construed to permit use of waters of the Susquehanna River Basin or to endanger their quality without approval pursuant to the compact.

Section 3 Effectuation. (a) The President is authorized to take such action as may be necessary and proper, in his discretion, to effectuate the compact and the initial organization and operation of the commission thereunder.

(b) Executive departments and other agencies of the executive branch of the Federal government shall cooperate with and furnish appropriate assistance to the United States member. Such assistance shall include the furnishing of services and facilities and may include the detailing of personnel to the United States member. Appropriations are hereby authorized as necessary for the support of the United States member and his office, including appropriations for the employment of personnel by the United States member.

APPROVED DECEMBER 24, 1970.

MARYLAND: (*Maryland Act of 1967, Chapter No. 391*)

Section 2—Reservations. Nothing in the Susquehanna River Basin Compact shall be construed to impair or to derogate from any power exercisable by the mayor and city council of Baltimore or in any way to diminish any right which the mayor and city council of Baltimore may have to the waters of the Susquehanna River Basin. It is hereby recognized that article 1.3-6 of the compact (section 60) providing that "the commission shall engage in construction, operation, and maintenance of a project only when the project is necessary to the execution of the comprehensive plan and no other competent agency is in a position to act, or such agency fails to act"; and that article 3.2 of the compact (section 6(2) which provides that "it is the policy of the signatory parties to preserve and utilize the functions, powers, and duties of the existing offices and agencies of government to the extent consistent with this compact, and the commission is directed to utilize those offices and agencies for the purposes of this compact" confirm the primary right of the mayor and city council of Baltimore to construct and operate any facilities for water supply from the Susquehanna River Basin which it determines to be in its own interest or in the interest of its service area to construct and operate and confirm that the power of condemnation possessed by the Susquehanna River Basin Commission pursuant to article 15.14 of the compact (section 74) may be exercised only with due regard for such primary right.

Section 2.3—Effectuation. Subject to other provisions in this Act covering the application and effect of the Susquehanna River Basin Compact, particularly those in section 74 (15.22 thereof), this Act shall take effect on June 1, 1967.

NEW YORK: *(From New York Act of 1967, Chapter No. 785)*

§ 835-a. Member and Alternate.

1. As provided in section 2.2 of the compact, the Governor or his designee shall be this state's member on the commission established thereby. A member of the Water Resources Commission shall be appointed as the designee if one is appointed. The Governor shall appoint an alternate pursuant to section 2.3 of the compact. If the Governor does not appoint a designee to act for him, he shall appoint a member of the Water Resources Commission as alternate.

2. Any person serving on the Susquehanna River Basin Commission pursuant to this section shall be reimbursed for all necessary expenses incurred as an incident of such service and such reimbursement shall be from the funds of said person's department or office.

§ 835-b. Advisory Committee. The members of the Water Resources Commission shall constitute an advisory committee with whom the member of the Susquehanna River Basin Commission from this state may consult with respect to the conduct of New York participation in the compact.

§ 835-c. Consent to Alteration of Diversion.

1. Consent of the member from this state to the impairment, diminution, or other adverse effect on diversions, compensating releases, rights, conditions, obligations and provisions for the administration thereof as contemplated by section 3.8 of the compact shall not be Given, except with the prior approval of the Water Resources Commission.

2. Except with respect to diversions governed by subdivision one of this section the provisions of section four hundred fifty-two of the conservation law shall not apply to any diversion or furnishing of water authorized or made pursuant to the compact.

§ 835-d. Jurisdiction of Courts. Except as otherwise specifically provided herein, the phrase "court of competent jurisdiction" as used in the compact shall mean, with reference to courts of this state, the supreme court, and said court is hereby given all necessary and appropriate jurisdiction to hear and determine any action or proceeding brought before it pursuant to appropriate provisions of the compact. As used in section 11.6 of the compact, the phrase "court of competent jurisdiction" shall mean, with reference to courts of this state, a court in which an appropriate proceeding under article seventy-eight of the civil practice law and rules may be brought. As used in clause one of subdivision (a) of section 15.1 of the compact, the phrase "court of competent jurisdiction" shall mean with reference to courts of this state, any court in which an action or proceeding of the class brought by the Susquehanna River Basin Commission may be heard and determined.

§ 835-e. Prior Project Approval. No project requiring license, permit or other approval by any agency or officer of this state, or any subdivision thereof, shall be given any final license, permit or approval, by such agency or officer of this state if such project requires approval of the

Susquehanna River Basin Commission pursuant to this compact and such approval has not been given.

§ **835-f. Delegations of Power.** No agency or officer of this state or any subdivision thereof shall accept or exercise any delegation or power pursuant to section 11.1 of the compact unless, in the absence of the compact, it would have the constitutional or statutory power to exercise such power on its own account.

§ **835-g. Cooperative Services.** Departments, agencies and officers shall provide technical and administrative services to the Susquehanna River Basin Commission upon request within the limits of available appropriations and shall cooperate generally with said commission for the purposes of the compact.

§ **835-h. Budget.** The Susquehanna River Basin Commission shall submit annually to the director of the budget in accordance with the rules and practices of the state for study and consideration by such director, an estimate of monies required to administer, manage and support the commission during, the ensuing, fiscal year. Such estimates shall include any request for appropriation of funds by New York and shall be accompanied by a tabulation of similar requests which the commission expects to make to each signatory and the formula or factors upon which such respective requests are based. The provisions of section 14.3 of the compact apply to the budgetary and other fiscal matters related to the participation of this state in the compact.

§ **835-i. Audit.** Pursuant to subdivision (b) of section 15.1 1 of the compact, the state comptroller is hereby authorized and empowered from time to time to examine the accounts and books of the commission including its receipts, disbursements and other items referring to its financial standing as the comptroller may deem proper and to report the results of such examination to the Governor.

§ **835-j. Inconsistent Laws.** No provisions of the conservation law or of any other law of this state which is inconsistent with the provisions of the compact shall be applicable to the Susquehanna River Basin Commission or to any matter governed by the compact.

§ **4.** The compact above set forth shall become binding and effective in accordance with the provisions of section 15.22 thereof. The Governor is hereby authorized and directed to sign and seal the compact as provided in said section 15.22 and to cause copies thereof to be filed in accordance therewith.

§ **5.** This act shall take effect immediately.

PENNSYLVANIA: *(From Pennsylvania Act of 1968, Act No. 18(1))*

Section 2—Repealer. All acts and parts of acts inconsistent with any provision of this act are to the extent of such inconsistency hereby repealed.

Section 3—Effectuation by Governor. The Governor is authorized to take such action as may be necessary and proper in his discretion to effectuate the compact and the initial organization and operation of the commission thereunder.

Section 4—Entire Agreement. It is declared to be the intention of the General Assembly of the Commonwealth of Pennsylvania that the provisions of the compact shall constitute the entire agreement of the signatories and any matters within any enabling legislation not included in the compact shall have no effect on the signatories without their specific concurrence.

Section 5—Technical and Administrative Services. The Commonwealth or any agency thereof shall furnish technical and administrative service to the commission pursuant to section 12.5 of the compact only under written agreement between the Commonwealth or any agency thereof and the commission. Any such agreement shall detail fully the terms and conditions under which the service is to be provided, including cost. Payments by the commission pursuant to any such agreement shall be not later than within the fiscal period immediately following the fiscal period when such services are rendered.

Section 6—Minutes of Meetings. The commission shall file promptly copies of the minutes of each of its meetings, the comprehensive plan and any additions, modifications, deletions, or other amendments thereto with the Secretary of the Senate, the Clerk of the House, and the majority and minority chairmen of the committees on appropriations of the General Assembly of the Commonwealth. Neither the comprehensive plan nor any additions, modifications, deletions, or other amendments thereto shall take effect with respect to the Commonwealth or any agency, subdivision, or other entity therein until provisions of this section have been met. The requirements of this section are in addition to those providing for examination and inspection of commission records and reports to the General Assembly contained in section 15.11 and 15.12 of the compact, and shall be inclusive of the water resources program prepared annually in compliance with the provisions of section 14.2 of the compact. Upon its approval by the commission, the initial comprehensive plan shall be furnished to each member of the General Assembly, and thereafter the commission, at the time it furnishes its annual report, shall furnish also to each member of the General Assembly the minutes of all commission meetings in the fiscal year covered by such report, containing the additions, modifications, deletions, or other amendments to the comprehensive plan approved in said fiscal year.

Section 7—Budget. The term "budgetary processes" in section 14.3 of the compact shall be construed to include the presentation by the commission of its proposed budget for each fiscal period to the Budget Secretary in the Office of Administration in accordance with the rules and practices of the Commonwealth governing administrative agencies, for study and consideration by such Budget Secretary, and each such budget shall include a statement of monies required to administer, manage, and support the commission during the ensuing fiscal period. Such statement shall include any request for appropriation of funds by the Commonwealth and shall be

accompanied by a tabulation of similar requests which the commission makes or expects to make to each other signatory party, and the formula or factors upon which such respective requests are based. Further, the term "budgetary processes" as applied to the Commonwealth shall not be considered complied with until it includes appropriation by the General Assembly and the signing of the appropriation into law by the Governor.

Section 8—Fish and Game Laws. Anything in Section 270 of the act of December 15, 1959 (P.L. 177(9), known as the "The Fish Law of 1959", to the contrary notwithstanding. no person acting within the Commonwealth pursuant to section 15.2-2 of the compact shall enforce fish or game laws or regulations.

Section 9—Effectuation. This act shall take effect immediately.

APPROVED—The 17th day of July, A.D. 1968.
