This report is prepared in cooperation with the Pennsylvania Department of Environmental Protection, Bureau of Water Quality Protection, Division of Conservation Districts and Nutrient Management, under Grant ME351511.

# SUSQUEHANNA RIVER BASIN COMMISSION

Paul O. Swartz, Executive Director

Erin M. Crotty, N.Y. Commissioner  
Kenneth P. Lynch, N.Y. Alternate  
Scott J. Foti, N.Y. Alternate

Kathleen A. McGinty, Pa. Commissioner  
Cathy Curran Myers, Pa. Alternate  
William A. Gast, Pa. Alternate/Advisor

Kendl Philbrick, Md. Commissioner  
Doctor Robert M. Summers, Md. Alternate  
Matthew G. Pajerowski, Md. Alternate/Advisor

Brigadier General Bo Temple, U.S. Commissioner  
Colonel Robert J. Davis, Jr., U.S. Alternate  
Colonel John P. Carroll, U.S. Alternate

The Susquehanna River Basin Commission was created as an independent agency by a federal-interstate compact\* among the states of Maryland, New York, Commonwealth of Pennsylvania, and the federal government. In creating the Commission, the Congress and state legislatures formally recognized the water resources of the Susquehanna River Basin as a regional asset vested with local, state, and national interests for which all the parties share responsibility. As the single federal-interstate water resources agency with basinwide authority, the Commission's goal is to coordinate the planning, conservation, management, utilization, development and control of basin water resources among the public and private sectors.

## **ACKNOWLEDGEMENTS**

The author would like to acknowledge all those who made contributions to the completion of this project. Specific thanks to Susquehanna River Basin Staff; Dave Heicher, Jen Hoffman, Susan Obleski, Doreen McCabe, and Bob Edwards for report review, comments, and input, Donna Gavin for GIS support, and Daryl Sitlinger for field support. Also thanks to Mike Langland, USGS for time invested in completing trends analysis. Finally, thanks to the Pa. Department of Environmental Protection for providing funding for the project.
