PART 804 -- SPECIAL REGULATIONS AND STANDARDS<sup>2</sup>

Subpart A -- Water Withdrawal Registration

§ 804.1 Requirement.

In addition to any other requirements of commission regulations, and subject to the consent of the affected signatory state to this requirement, all persons withdrawing or diverting in excess of an average of 10,000 gpd for any consecutive thirty-day period, from surface or ground-water sources, as defined in Part 803 of this chapter, shall register the amount of this withdrawal with the commission and provide such other information as requested on forms prescribed by the commission.

§ 804.2 Time limits.

(a) Except for agricultural water use projects, all registration forms shall be submitted within one year after May 11, 1995, or within six months of their initiation, whichever is later; provided, however, that nothing in this section shall limit the responsibility of an applicant to apply for and obtain an approval as may be required under Part 803 of this chapter. All registered withdrawals shall re-register with the commission within five years of their initial registration, and at five-year intervals thereafter, unless sooner discontinued.

(b) Sponsors of existing agricultural water use projects (i.e. projects coming into existence prior to March 31, 1997) withdrawing or diverting in excess of an average of 10,000 gpd for any consecutive 30-day period from a surface or ground-water source shall register their use no later than March 31, 1997. Thereafter, the sponsors of new projects proposing to withdraw or divert in excess of 10,000 gpd for any consecutive 30-day period from a surface or ground-water source shall be registered prior to project initiation.

§ 804.3 Administrative agreements.

The commission may complete appropriate administrative agreements or informal arrangements to carry out this registration requirement through the offices of signatory agencies. Forms developed by the commission shall apprise registrants of any such agreements or arrangements and provide appropriate instructions to complete and submit the form. Permits issued by a signatory party agency shall be considered a registration with the commission if issued pursuant to an agreement of understanding with the commission specifically providing therefor.
