and Consumptive Use (Peak Day) of up to 0.360 mgd from Nescopeck Creek;
Butler Township, Luzerne County, Pennsylvania**

Susquehanna River Basin Commission (Commission) Docket No. 19980102, approved on January 15, 1998, authorized a surface water withdrawal and consumptive use from Nescopeck Creek for golf course irrigation. The approval term was established to be January 15, 2023.

The project sponsor plans to reduce the operation to a 9-hole golf course in 2023 and cease golf course operations in 2024. The project sponsor is in the planning and permit obtaining process to develop the golf course into rental units. Due to reduced operations and anticipated closure of golf course operations in the foreseeable future, the project sponsor subsequently requested a 2-year extension of the approval term of Commission Docket No. 19980102 until January 15, 2025.

The Commission hereby approves the requested extension to the term of Commission Docket No. 19980102 and the modifications thereto.

Conditions

1. The project sponsor shall comply with all Commission regulations, 18 CFR Parts 801, 806, and 808. This project continues to be subject to the Annual Compliance and Monitoring fee as specified in the Commission's Regulatory Program Fee Schedule, which may be modified over the term of the approval.

2. All other conditions of Commission Docket Nos. 19980102, 19980102-1, 19980102-2, and 19980102-3 not inconsistent herewith shall remain effective.

3. This approval is effective until January 15, 2025. As specified in 18 CFR § 806.31(e), if the project sponsor submits an application on or before July 15, 2024, the project sponsor may continue operation of this project pursuant to the terms and conditions of this

approval until such time as the Commission acts on such application, or until otherwise notified by the Executive Director.

CERTIFICATION: I, Jason E. Oyler, Secretary to the Susquehanna River Basin Commission, do hereby certify that the foregoing project docket was approved by the Susquehanna River Basin Commission on September 15, 2022.

Dated: September 16, 2022
